Belleved to Have Been Discovered.
CINCINNATI. O., June 8.—United
States post-office inspectors from Cincinati believe they have discovered at
Marion, Ohio, the headquarters of the
Black Hand in this country.
This felief is based on documentary
evidence found to-day when Sam Lima,
of Marfon, Ohio, Antonio Vicario, of
Columbus, Ohio, and A. Margis, of Dennison, Ohio, were taken into custody,
Arrests are said to have been made
also in Pittsburg, Pa., and inspectors
left for Bellefontaine to make-several
more there. Inspector Oldfield states
that when the whole story is known
the country will be astounded.
The arrests were made simultaneously in the three towns after a search
of six months for the men who sent
threatening letters to John Amicon, a
fruit dealer of Columbus, Ohio, demanding that \$15,000 be paid in Pittsburg. The handwriting in the letters
to Amicon is identical with that in
the letters received by Antonio Rizzo,
a fruit dealer of Cincinnati, who died
suddenly several weeks ago, after refusing to obey the demand of a "Black
Hand" letter to pay \$1,000 or forfeit
his life. He died after eating a banana
given to him by a stranger.

A dispatch from Marion states that
Joseph Rizzo was also arrested in that
city. The post-office inspectors say
that they have discovered evidence
showing that Marion is the headquarters of all the Black Hand societies
of the country, and they allege that
Samuel Lima is the chief of the organization. The contents of the safe
in the Rizzo store bear them out in
this assertion, they declare. They
found that hundreds of business men
in all parts of the State had been
paying tribute to the gang.

As late as this evening the President told one of the Republican leaders that no one had authority to suggest that he had in mind the veto of the tariff measure. Mr. Aldrich was at the White House to-day and talked with the President for some time. When he returned to the Capitol he told his colleagues that Mr. Taft did not appear to be at all perturbed about Court.
